Mega Rentals, Inc, Wisconsin's leader in traffic control and pavement marking, is currently seeking highly motivated employees who are ready to contribute to a culture of excellence at our Madison location. At Mega Rentals we thrive on our dependability to deliver quality projects through our commitment to safety, honesty and teamwork. With 6 locations throughout the state, we are prepared to complete a multitude of challenging and complex traffic control projects with our superior experience, resources and fleet. Employees at Mega Rentals experience:

- Being part of successful team and exhibiting Mega Rentals Core Values: Excellence, Dependability, Honesty, Safety and Teamwork
- Year round benefits- health insurance, vision and dental insurance, voluntary short term disability, life insurance, and 401k.
- Employee growth opportunities through training and development, including CDL training with access to company vehicles.
- A fast paced, outdoor work environment presenting new challenges on a daily basis.
- A rewarding opportunity to positively contribute to the growth and improvement of Wisconsin's infrastructural needs.

As a Traffic Control Technician, it will be your responsibility to perform the labor associated with establishing work zones, closing lanes/roads, installing roadside safety devices, installing temporary pavement marking and assisting other divisions of Mega Rentals including road grooving and permanent pavement marking.

SUMMARY

Mega Rentals Inc. Traffic Control Technicians perform all labor necessary to plan, implement, maintain and execute work zone traffic control in a variety of road construction environments. As a TC Tech, you will ensure the safety of contractors and motorists navigating work zones throughout Wisconsin.

ESSENTIAL JOB FUNCTIONS AND DUTIES

- Load and unload traffic control equipment and materials for delivery to job sites
- Operate company vehicles to deliver and implement traffic control devices to job site, including:
 - Drums
 - Work zone signs and post
 - Barricades
 - Temporary pavement marking material
 - Lights
- Deliver and install Portable Changeable Message Signs (PCMS) and Arrow Boards
- Set-up and remove lane closures, ramp closures, road closures and other various traffic control set-ups
- Install roadside safety devices including crash cushions
- Utilize maps and plan sheets to ensure proper location and delivery of equipment
- Perform maintenance of traffic control equipment and work zones throughout project duration
- Complete work in a shop environment including equipment assembly, repair and minor equipment maintenance

JOB REQUIREMENTS

- High School diploma or equivalent
- Must maintain a valid driver's license and excellent driving record
- Ability to lift a minimum of 50 pounds repetitively, reach overhead, bend, kneel and twist
- Ability to work in an outdoor environment and extreme weather conditions
- Ability to walk long distances consistently and drive for extended periods of time
- Ability to work nights, weekends and varying shifts

ADDITIONAL SKILLS AND QUALIFICATIONS

- Strong communication skills and ability to work closely with others in a team environment
- Must follow all company policies, procedures and processes for safe and successful completion of projects
- Ability to read and write clearly and legibly
- Strong problem solving and deductive reasoning skills
- Demonstrate Mega Rentals' Core Values
 - **Excellence-** Take pride in our efforts towards continuous improvement and quality work. We are committed to being the best.
 - **Dependability-** Meeting our customer's needs through experience, knowledge and ingenuity to ensure timely project completion.
 - **Honesty-** We do what is right, acknowledge our mistakes, and act with courage and fortitude.
 - **Safety-** Our passion is to protect our team members, the public and our customers by mitigating the inherent risks associated with the improvement of infrastructure.
 - **Teamwork-** All team members support and encourage each other to ensure the company goals are being met, knowing that success enriches the lives of all stake holders.
